

JOIN OUR DIVERSE ABILITY STAFF NETWORK!

We would like to welcome staff with disabilities or long term health conditions or staff who are carers or who may be a manager who is supporting staff with disabilities to the Trust's Diverse Ability Staff Network to help us make a positive difference to individuals and our organisation.

The Diverse Ability Staff Network looks to:

Develop Trust inclusion policies.	Support staff in their working lives, including workplace adjustments	Discuss issues affecting disabled staff and share thoughts and experiences with other advocates.
Raise awareness of hidden disabilities	Promote awareness of equality and inclusion for our workforce within the Trust	Improve support available to managers, to help with understanding what it is like to live with a disability/long term health condition.

If you are interested, we would welcome your involvement to help us make a difference at the NNUH.

Please email EqualityandDiversity@nnuh.nhs.uk or our Diverse Ability Staff Network Chair; Natalie Ford (Natalie.Ford@nnuh.nhs.uk) for further details.
