

JOB DESCRIPTION

Job Title:	Registered Nurse
Department/Ward:	Ophthalmology
Band:	NHS AfC Band 5
Care Group:	Surgery and Critical Care
Responsible to:	Ward/Department Manager
Accountable to:	Divisional Assistant Chief Nurse
JOB SUMMARY:	Will assess, plan, implement & evaluate evidence-based patient care with the multidisciplinary team, acting as shift leader or managing a team in the absence of the Ward/Dept Manager following a period of preceptorship.

Leadership and management

- Act as an effective role model for all nursing staff
- Actively look for ways to develop the service
- Identify problems which effect planning and delivery of patient care and actively work towards solving them empowering others to make decisions
- Develop an area of clinical expertise providing a clinical resource for the ward/department, or take a lead in a specific area of designated responsibility within the ward/dept (clinical or non-clinical).
- Organise own time and that of the team and less experienced staff as appropriate to enhance the well-being of patients
- Delegate appropriate tasks effectively to the team and less experienced staff as appropriate whilst remaining accountable
- Act as mentor/assessor in supporting and developing the team and less experienced staff as appropriate
e.g. student nurses, return to practice nurses registered and unregistered staff through mentorship/preceptorship and induction
- Observe the standards of cleanliness within the ward/department area and report deficits to the Ward/Dept Manager

“Creating a great place to be cared for and a great place to work”

2015100055CEP

- Ensure patient/carer views are sought and incorporated into the development and improvement of practice
- Constructively challenge poor practice or behaviours and raise concerns, escalating as appropriate

Clinical practice and skills

- Care for a defined case load showing an ability to prioritise care from admission to transfer, discharge or death
- Responsible for effective documentation of acts and omissions in all relevant records including patient care records
- Develop and maintain competence in agreed appropriate/specific clinical skills in designated area for example, administration of medications and intravenous drugs, use of syringe drivers, complex dressings
- Provide information and advice about health promotion
- Work effectively with the multidisciplinary team in order to achieve desired outcomes that promote the well-being of patients
- Effectively communicate and disseminate information to multi-disciplinary team
- Ensure privacy, dignity and individual patient needs are met
- Participate in revalidation in line with national and professional requirement
- Ensure that the nutritional needs of patients are met
- Be open and honest when a mistake is made and provide reflection to demonstrate learning.

Training and development

- Participate in audit and research of clinical practice, relevant to own area.
- Participate in the Trust Appraisal and Personal Development Review process; identify role and band specific training needs and agree the development/implementation plans for these needs with supervisor.(Training identified within a PDR can only be related to this job description)
- Ensure personal training needs analysis for medical devices is completed
- Responsible for ensuring own mandatory training is up to date
- Responsible for ensuring all essential work-related training is relevant to role and band, and up to date
- Assist in developing programmes of education for all staff, including development needs of students
- Assist in the implementation of competency-based training programmes for other less experienced members of the team.
- Assist less experienced staff in setting priorities.
- Teach, inform and support others as appropriate in the designated basic clinical skills.
- Assist the ward/department manager in the Trust Appraisal process by assisting with the Personal Development Reviews of less experienced members of the team , identifying their development needs, for the ward/department manager's approval

Governance

- All Registered Nurses of University Hospital Morecambe Bay NHS Trust must adhere to all current Trust policies and procedures
- Promote risk management systems within own area and ensure untoward incidents are reported according to trust policy.
- Support the ward/department manager in identifying and managing departmental risks
- Keep up to date with incident reporting and complaints procedures, as per trust policy

“Creating a great place to be cared for and a great place to work”

2015100055CEP

- Assist the ward/department manager in ensuring that all team members are aware of when and how to report incidents
- Participate in the investigation of complaints/litigation/adverse incidents and ensure all documentation is completed.
- Effectively communicate lessons learned from any incidents or complaints to the multidisciplinary team

Registered Nurse Responsibilities

- All Registered Nurses must maintain a valid NMC Registration at all times
- All Registered Nurses are bound by the Nursing and Midwifery Council Code of Professional Conduct and this Job Description should be read in conjunction with the current NMC Code:

This job description is not exhaustive and will be reviewed and amended, with the post holder, when necessary.

TERMS AND CONDITIONS

This post will be subject to the terms and conditions of the University Hospitals of Morecambe Bay NHS Foundation Trust.

CONFIDENTIALITY

Information relating to patients, employees and business of the Trust must be treated in strictest confidence. Under no circumstances should such information be discussed with any unauthorised person(s) or organisations. All staff must operate within the requirements of the Freedom of Speech policy.

SAFEGUARDING & PROTECTING CHILDREN

Everyone shares responsibility for safeguarding and promoting the welfare of children and young people, irrespective of individual roles. As an employee of the trust you will need to be aware of your responsibility in relation to safeguarding and protecting children. You will need to be aware of trust/local LSCB procedures and know how to contact named professionals, within the safeguarding team for advice and support.

ENVIRONMENTAL SUSTAINABILITY – NET ZERO CARBON

University Hospitals of Morecambe Bay NHS Foundation Trust are committed to sustainable development, social value and achieving the NHS Net Zero Carbon reduction targets. All employees must play their part and adhere to the principals in the Green Plan, this will ensure our services are efficient, sustainable and carbon emissions are reduced. As an employee you will be expected to conserve energy / water, minimise wastage in all formats, actively promote biodiversity and use sustainable transport whenever possible.

- Energy: Switch off non-essential electrical equipment and lighting when not in use. Report heating issues such as when buildings are too hot or too cold to the Estates Team.
- Water: Do not leave taps running and report all drips, leaks, and condensation issues to the Estates Team.
- Waste: Follow the Trust waste policy – Reduce – Reuse – Recycle. Do not over order equipment or medicines. Healthcare waste must be disposed of in line with the Trust’s Waste Management policy.
- Biodiversity: Enhancing biodiversity has a wealth of positive outcomes for our colleagues, services users and the environment. Think of your site, can an area be improved to have a quality green space, specific planting for habitat improvement or the installation of a couple of bird boxes? Contact the Estates Team for further details.
- Transport & Travel: Where possible lift share, cycle, walk or use public transport.

HEALTH AND SAFETY

The Health and Safety at Work Act stipulates that it is the responsibility of each employee to observe all rules governing safety and conduct and as such safety equipment and Personal Protective Equipment provided must be used.

“Creating a great place to be cared for and a great place to work”

2015100055CEP

INFECTION CONTROL

The Trust is committed to protecting the health of all staff, patients and visitors to the Trust. As such all staff is personally responsible for compliance with all Trust and department infection prevention and control policies. Failure to comply with such policies and associated procedures is likely to lead to disciplinary action and may result in dismissal.

MANUAL HANDLING

The post holder will be provided with adequate training in correct lifting techniques by a recognised lifting instructor.

NO SMOKING POLICY

A No Smoking Policy operates across all Trust sites.

QUALITY OF SERVICE

The trust is committed in its use of available resources to obtaining the best possible service for patients and staff. The Post holder must share this objective and seek to maintain and improve the quality of service provided.

EQUAL OPPORTUNITIES

The Trust is pledged to equal opportunities for all and is committed to ensure that no job applicant or employee receives less favourable treatment on the grounds of gender, marital status, age, race, colour, sexual orientation, creed, nationality, ethnic or national origin or disability. We promote flexible working opportunities wherever possible to enable staff to balance their work with their private lives.

TRAINING AND DEVELOPMENT

Maintain your professional standards in respect of education and training and ensure that you are aware of your specific area specialty training and needs analysis.
