

Our vision:

To be a leader in both local and specialist cancer care and ensure that every patient receives the best experience and outcomes.

Our core purpose is:

to care – with compassion for our patients and staff
to discover – through world leading cancer research
to teach – using pioneering cancer education

Our Values and Behaviours

Our **values and behaviours** define how we approach our work and our mission. They sit at the heart of how we treat each other to enable us to achieve our Christie vision.

Make a difference

We are courageous and try new ideas.
We are honest and take responsibility.

Act with kindness

We care for each other and our environment.
We show appreciation and celebrate success.

Connect with people

We are inclusive.
We work together as one team.
