

Multi-Professional Preceptorship Programme

**For all newly registered
practitioners;
nurses, allied health
professionals,
midwives,
international
recruits and
return to
practice**

- Preceptorship is to welcome and integrate newly registered professionals into their new team and place of work. It helps these professionals translate their knowledge into everyday practice, grow in confidence and support a lifelong journey of reflection
- Each preceptee will be assigned a preceptor who will offer guidance, coaching and mentoring through bi-monthly meetings
- 12 month programme with time out days that will cover: teamwork, communication, professionalism and integrity, development of self and others, quality and safety, wellbeing and resilience, research and facilitation of learning
