Company –Hillingdon nhs ft

Title: Registered Paediatric Nursing – Join Our Bank

Location: London

Employment type: Contract/Flexible Hours

Seniority n/a

Are you a highly motivated and enthusiastic Paediatric Nurse who enjoys working as part of an innovative and dynamic Paediatric Team? If so, we have an exciting opportunity for you at The Hillingdon Hospital NHS Foundation Trust.

We are looking for someone who is highly motivated, enthusiastic and possesses excellent communication and interpersonal skills to join our fantastic multi-disciplinary team. If you are a passionate and caring paediatric nurse who is team oriented, patient focussed, and ready for new and exciting challenges to develop your career, there are many opportunities for you here at Hillingdon. We can offer a supportive environment to help you develop and consolidate new competencies and are committed to helping you realise your potential.

Why join the Hillingdon Staff Bank?

Working via the bank is a great way to get more flexible shift patterns and a better work-life balance.

- **See the best shifts first** – bank staff get priority over all agency workers and can view all available shifts online.
- **Get weekly pay at highly competitive rates and free uniforms.**
- **Supported career development** – including opportunities to do short courses and external study days.
- **Get 24x7 support from our friendly onsite Staff Bank team.**
- **Become part of an integrated team** – feel more valued and supported in your work and access NHS and Trust benefits such as pension contributions and discounts.

Essential criteria for this post

- Nursing degree and a valid NMC Pin
- Nursing Degree
- Effective communication, interpersonal and organisational skills
- Flexibility to work variable hours. This can include Sundays and late evenings.

Main Duties

Upholding the Trust CARES values and under the supervision of senior colleagues be responsible for the assessment, care planning, implementation, and evaluation of programmes of care for a group of paediatric patients.

Once assessed as competent administer oral and intravenous medication in accordance with Trust policy.

Promote continuing education and professional development by attending training as necessary and act as a Practice Supervisor or Assessor to student nurses in training.

Work collaboratively as part of the paediatric nursing workforce to support other areas of paediatric practice as necessary such as paediatric day care, neonatal unit, or paediatric ED.

Working for our organisation

The paediatric in-patient ward, Bumblebee has recently moved to a new purpose built home. This new ward has a large footprint and includes twelve isolation cubicles with ensuite facilities, two of which are designated for high dependency care, and three four bedded bays.

The paediatric services at The Hillingdon Hospital consists of a 24-bedded general medical and surgical ward, which includes a level 1 POSCU, 5-bedded paediatric day care unit, a four bedded day surgical ward, and a paediatric outpatients department. Paediatric services at Hillingdon also include our award winning, dedicated paediatric diabetes team; paediatric respiratory and allergy services; paediatric oncology and paediatric epilepsy service and level 1 HDU service. We also have close links with our paediatric community nursing team; paediatric emergency department; PATCH service, neonatal unit and child development centre.
